

F.NO.NIXI/001/CEO/23-2023
National Internet Exchange of India

Dated: 12.01.2023

Dear Registrar,

In India, whenever any goods and services are being sold either to intermediary or to an end customer, tax called GST (Goods & Services Tax) is applicable. The percentage of tax value vary from goods-to-goods and services-to-services.

It is understood that you are conducting your business of Registrar in India through resellers. It is reported that these resellers are not charging any GST from customers before selling .in/.भारत domain. This is violation of law of land.

You are, therefore, requested to kindly ensure that proper tax is collected from Registrant and also get deposited to the tax authorities in India.

You are requested to kindly confirm the action taken in this regard latest by 10th February, 2023.

Anil Kumar Jain
CEO, NIXI
